Introduction

The Bangalore Conservatory is a Music College with the objective of training men and women in the art of Western Classical music and to develop their full potential as Performers, Worship Leaders and Music Educators. The training environment provided allows each student to match world-class standards in music knowledge and performance skill.

The Bangalore Conservatory trains students in Music Theory, Western Music History, Vocal and Instrumental Performance, Church Music Leadership, and Music Education. The training is combined with academic study and professional development. Students have the opportunity to perform regularly, exhibiting their talent and expertise during their tenure of study.
Welcome to the Bangalore Conservatory!

Our mission is “Building People to Build a Better World through Music.” This may sound like a grandiose mission for a music school, yet I think it is appropriate. Our graduates are now founders and teachers of primary and secondary schools, leaders in churches, teachers in institutions, and performers in some of the most viewed venues in the world. They are, therefore, in key positions to influence the direction and betterment of the world.

Our world faces the greatest challenges in human history - global warming, nuclear proliferation, pandemics such as AIDS, regional civil wars, social, religious, and generational conflicts - challenges which require a generation which can learn to work
together to create solutions. Musicians, perhaps more than any other group among us, learn and train others to work together, to cooperate creatively, and to invent new forms of beauty and expression. They bring out of us the best of our humanity.

We can build a better world; however a better world has to begin here, in our home and in our community. At the Conservatory we seek to nurture a community of love, respect, and hard work. For you who are joining us in this community, you are entering a world of wondrous beauty and unending struggle for something better and greater. With God's grace we work together to begin making the world better by forming a more perfect unity among ourselves. Please join us in our quest to create something wonderful for God.

Blessings,

Ken Henson

**Student Life**

Being a student in BC includes a plethora of fun music-related and extra-curricular activities that take place throughout the academic year. Here’s a quick glance to highlight just some of the activities:

- Concerts
- Recitals
- Ensembles
- Guest performances
- Seminars
- Workshops/Master classes
- Sports events

Concerts and recitals are peak moments in the life of the institution as they bring everyone together in a special way to make music. There are three main concerts in a year - SMS concert, Semester I and the Graduation Concert. Apart from these, students perform senior recitals that highlight their achievements and performance skill. Moreover, we organize major productions that are either stage plays or musicals. As an example, in 2012, BC presented the play *Amahl and the Night Visitors* a Christmas Musical. BC not only performs and enjoys performances of students within the campus through recitals, and semester-end concerts, but we also get invitation to perform in ensembles like choir, bells, band at many places around the city and outside. We also regularly feature guest artists and performances. In the Academic Year 2013, we were able to host world renowned performers like Massimmo Folliero (Pianist from Italy) and Ogmundur Thor Johannesson from Berlin for both Master Classes and
Concerts. Their concerts and master classes in our campus were a great inspiration for the students. BC organises a sports event each year which is an all-day event as part of the regular college schedule. We arrange friendly tournaments like football, volley ball or basketball match, within the community and with other neighbouring communities. Finally, as musicians we love nothing more than fellowship with one another and we do that with two BC community prayer and worship days in the academic year as well as choir trips, picnics, and other fun-filled events.

Alumni
We at BC are proud of our alumni and their outstanding accomplishments. They are currently in key positions serving in music ministry, teaching in schools, composing, and directing choirs. A few have also been accepted to Masters in Music degree programs abroad. Here is what a few of our graduates have to say about their education in BC and how it has equipped them for a career in the real world:

“Learning at the Bangalore Conservatory has given me a wonderful livelihood. With the skills acquired from here in western classical vocal training and music education, today I am able to stand on my own feet, be an independent working woman and earn a great salary. I was exposed to so many different fields in music which are as varied as music performance and music business administration. I am so grateful to this wonderful institution which has bestowed upon me skills for a lifetime!”

-Radhika Sethumadavan, Teacher at Shankar Mahadevan Academy
“I joined BC with no formal training, not knowing what to study in music. At times, I thought music was all about singing, but music has lots and lots to study and singing is just a small part of it. BC also gave me an opportunity to grow mentally, physically and spiritually. It gave me a platform to grow and enabled me to teach and perform professionally. BC helped me to become more confident in myself and confident in being in front of the people.
